Cybercrime as a Service (Caas)

SaaS – Password cracking service

The screenshot shows a web interface for a password cracking service. The main heading is "Email Password Cracking made easy..!!". Below this is a form with several sections: "Your Name", "Your Email Address", "Confirm your Email Address", "Your Country", "Your Name", "Your Email Address", "Confirm your Email Address", "Your Country", "Your Language", "How you know us", "Your Yahoo! Chat ID", "Your MSN Chat ID", "Preferred Mode of Payment", "Bonus offered (if any)", and "Any Instructions". A "Submit your Order" button is at the bottom. Three callout boxes point to specific parts of the form: "Nice introduction" points to the heading, "Your victim details" points to the victim information fields, and "where did you heard about us?" points to the "How you know us" section.
